Subject: Rescinding your support of Greenleaf Capital
Attachments: Chamber of Commerce letter in support.pdf

Importance: High

Hello Chris,

I am part of the Tierra Verde Community Association and in receipt of your letter of support for Greenleaf Capital's marina development. I believe you have been substantially deceived by Greenleaf. They did the same with CONA, the Council of Neighborhood Associations, whose letter of support read very similar to yours. When their CEO learned the facts, including the number of businesses and jobs that Greenleaf has already permanently removed in our community, it took him a matter of hours to rescind his letter of support.

I would appreciate an opportunity to discuss this with you as I believe you would also want to address this quickly. Are you available tomorrow afternoon for a phone call?

Thanks, Geoff
